

# PAUL WILLIAMSON'S HAMMOND COMBO

*“They have been working together for a decade now, . . . and it shows.  
They seem to think as one, whether blowing up a storm,  
easing up, or locking into a groove.*

*With its catchy riffs and blues/R&B sensibility, this is irresistibly groovy jazz,  
that anyone should be able to enjoy.”*

*—Adrian Jackson, ‘The Bulletin’*
