

SQUIRREL GLIDERS, CREEKS AND FAUNA BRIDGES

What is the endangered Squirrel Glider doing along our creeks?

And, ever wondered what is using the fauna bridges and glider poles on the Hume Hwy near Violet Town and Longwood?

Evening Presentations

Lance Williams, local ecologist:

Results from 3½ years of surveys along the Honeysuckle and Seven Creeks

Dr. Kylie Soanes, University of Melbourne:
Findings from a 10 year research project along the Hume Highway

Friday 9th September, 2016

Community Complex, Cowslip St, Violet Town

6.30pm start. Light supper provided afterwards.

For more information, please phone Lance Williams on (03) 57 633 310.

We look forward to seeing you there
