

**Highlands and Caveat
Rural Fire Brigade
BUSHFIRE SEASON PREPARATION**

1. Spray and mow regularly.
2. Create mineral earth fire brakes (Bare earth, don't just plough the fuel in).
3. Clean up rubbish, remove dead wood (any fuel). Lift the canopy off the ground.
4. Re-visit or make your Fire Action Plan.
5. Check safety bag contents— appropriate clothing, batteries, gloves, water bottles.
6. Ensure emergency contacts are visible and accurate.
7. Check and service fire-fighting equipment.
8. Ensure water supplies are as good as possible — Gravity supply if possible or have an alternative pump.
9. Buy extra batteries, mops, etc.
10. If power goes off, can you operate pumps, landline, remote controlled doors or gates?
11. Property access, you may be able to drive under a tree in a car can a fire truck? Can a truck turn around?

In an emergency Dial 000

The Vic Emergency App is the official Vic Gov App for access to timely, relevant and tailored warnings and info in Victoria. Download on your iPhone or Android
