#### "Spare Chair Muster"-Getting us Off the Ground at the Tablelands Community Centre.

Five years ago Ruffy Primary School 2785 closed its door due to declining enrolments. Most of the building's contents went to other schools in the area leaving only some old readers and dusty computer monitors in the otherwise empty rooms.

For the next 4 years the community fought to prevent the building and grounds, which had a 120 year history, from being sold. With Shire of Strathbogie help and a lot of hard work by locals the Old Ruffy School, (officially called the Tablelands Community Centre) is now up and ready for action.

The plans are for the Community Centre to be as self sustaining as possible, running workshops, training programs meetings and social events. There is a problem however-at the moment there are barely enough chairs to run a Scrabble Game! The Committee is hoping that it can remedy this by organizing a giant "Spare Chair" Muster.

There is a precedent for this: in the past the Community had great success with another muster-many fondly remember the "Boot Muster, part of the Great Boot Festival held in Ruffy as part of a Regional Arts Festival. Boots came in from all corners of the state to help create a giant Land Sculpture. Many of these boots are still leading fulfilling lives in their new locations.

With the Spare Chair Muster the Committee is looking for at least 80 chairs in good condition so that it can start running sustainable programs at the "Old School". All types of chairs are acceptable, although lounge chairs might fill up the rooms too quickly so these are best passed on elsewhere! If these chairs are attached to a table that would also be gratefully accepted! The first big event is planned for August when a time capsule sealed in 1986 will be opened to celebrate the 125th anniversary of the original Ruffy School. Here is an opportunity to come up and sit on your chair! The wonderful grounds also lend themselves to great outdoor functions so outdoor "Spare chairs" and settings are quite welcome too!

Chair donors are quite welcome to deliver (and register) their chairs in person to the Tablelands Community Centre on Sunday June 5th between 10 and 3 pm. On that day the Community will be holding a working bee and will be proud to show off the buildings and grounds. A free coffee will be on offer at the Produce Store across the road. If you are not able to come at that time there will be collection points at the back of the Euroa Library on Thursday 2nd and Friday 3rd June and Sat Morning (June 4th) and at the Highlands School on school days. If you have a few chairs to donate and can't make it to a drop off point give the committee a call! This will be the Centre's first big effort—help us "Get (our bums) off the Ground!"

### NOTES FROM HIGHLANDS PRIMARY SCHOOL

#### STUDENT OF THE WEEK

Jessica: For taking pride in everything she does, producing excellent results. Well done!

Recognition Ceremony: The RSVPs are increasing so far. I am hoping lots more parents and community members come along to this special celebration. Proceedings start at 10.30am with the official speeches and opening and a morning tea will follow.

Clay tiles: Maree and Leone are organising an art fundraising project which consists of past and present students, families, staff and community members decorating a clay tile that will then be fired and displayed somewhere at school as a lasting memory of the history of HPS. Tiles will be available on Wednesday 18th after the Recognition Ceremony for any community members to make their tile. Please pass on this information to anyone you know may be interested in decorating their own tile.

Maths: Thanks to Philip Wischer who came and worked with the senior students on Friday to teach them darts. Darts is a great game for subtraction and the students had great fun learning the game and practising maths at the same time.

Sharyn Shaw taught the students how to make candles. They all loved this opportunity to learn something new.

# FILM SOCIETY'S MAY SCREENING

After a well attended opener to the season in April, Murrindindi Film Society next presents an entertaining DVD double bill at the Yea Shire Chambers on Friday 20th May.

Doors will be open at 6.45 p.m. and the first screening at 7.00 p.m. will be the 1976 Australian film "Caddie", starring Helen Morse. This is a warm and empathetic drama of a mother's struggle to raise her two children during the Great Depression. Based on an autobiography, it paints a realistic portrait of the hardships of the era and the spirit that got people through.

Following supper, the 1951 classic American drama "The African Queen" will be shown. It stars Katherine Hepburn and Humphrey Bogart as unlikely companions on a hazardous boat journey who battle a river, The Germans and each other in Africa during WW1. Adapted from a novel by C.S. Forester, this is a wonderfully colourful adventure story, with great performances by the two legendary stars.

Wednesday 25th May	Murrindindi Shire Council will consider its deferred 2011-12 draft Budget at Alexandra. The meeting, which will also see the tabling of the Council Plan incorporating the Strategic Resource Plan, will take place at 11am. "While every Budget is important, the 2011-12 draft Budget process has been significant because of key findings contained in the strategic resource plan which highlights a growing gap in Council's ability to meet longer term maintenance and infrastructure costs across our shire," Cr Beales said. "Our community wants to see a financially strong organisation that has put processes in place to meet financial demands into the future. We believe that our discussions and presentation at the Council meeting will highlight the enormous amount of work that has gone into developing the 2011-12 draft budget and associated documents."
May 26th & 27th	Goulburn Ovens Institute of TAFE, Meat and Livestock Australia (MLA) and Ag Concepts (ACU) invite you to register for the popular 'Confident Livestock Marketing' workshop. The two day workshop will give lamb and beef producers an insight into information to assist with making enterprise specific, confident livestock marketing decisions, including: buying and selling options, market sources and their features, market reliability, trading strategies, seasonality in livestock markets, interpreting prices and trends. Facilitated by Robert Herrmann from Ag Concepts Unlimited; an independent specialist agricultural advisory service focusing on the financial enhancement of agricultural enterprises; the workshop will equip prime lamb producers to make informed livestock trading decisions by recognizing trading opportunities and associated risks through the use of reliable, relevant and timely market information. Workshop details: Venue: Euroa - "Butterfactory" Time: 9.30am to 3.30pm Cost: \$200 for educational funded eligible participants and \$250 for ineligible participants, includes lunch, morning and afternoon tea and course materials. The workshop is aligned to the Diploma level competency from the Rural Production Training Package. # FISHING FOR HEALTHIER OPTIONS

Researchers worldwide have discovered that eating fish regularly – one or two serves weekly – may reduce the risk of diseases ranging from childhood asthma to prostate cancer. Fish is low in fat, high in protein and an excellent source of omega-3 fatty acids.

Regular consumption of fish can reduce the risk of various diseases and disorders. Cardiovascular disease – eating fish every week reduces the risk of heart disease and stroke by reducing blood clots and inflammation, improving blood vessel elasticity, lowering blood pressure, lowering blood fats and boosting 'good' cholesterol.

Dementia – elderly people who eat fish or seafood at least once a week may have a lower risk of developing dementia, including Alzheimer's disease.

Depression – people who regularly eat fish have a lower incidence of depression (depression is linked to low levels of omega-3 fatty acids in the brain).

Best examples of oily fish are fresh Atlantic salmon, smoked salmon, canned salmon, sardines and fresh rainbow trout.

#### Sustainable fish shopping

All fishing has some impact, but some fish choices are far better than others. Some fish types may be overfished, associated with by-catch of birds or mammals (long lines used to catch swordfish also snare turtles, sharks, dolphins and seabirds), or may be killed in the process of commercial fishing for other species.

The Australian Marine Conservation Society has a great guide to sustainable fish on their website www.amcs.org.au/ Source: Better Health Channel www.betterhealth.vic.gov.au Yea Community Health - Yea & District Memorial Hospital – phone 5736 0410

# WHAT IS THE BLACK MARKET?

The Black Market is a monthly local informal food exchange and "open garden". You can bring your own homegrown excess veggies, fruit, etc to swap or sell, or produce you've made yourself such as preserves, bread, jam, pickles, etc. If you don't grow or make your own, you can come to the Black Market and buy from those who do. The Black Market is also open to local people who grow commercial produce (e.g. olives, nuts) on a small scale.

The upcoming dates of the Black Markets are:

Saturday 4th June - Caro Morris and Mark South's straw bale house and garden, near Tyaak Saturday 9th July - Richard and Kunie's, at 'Abdalallah House', Seymour

### BEWARE of SCAM PHONE SURVEYS WHICH LEAD TO OTHER SCAM CALLS

SCAMwatch is warning Australians to be alert to scam telephone surveys which gather your personal and banking information and use it to make future scam phone calls you receive appear legitimate.

Within a few weeks you may get a second scam call. The second scam caller may try to convince you that they are legitimate by using the personal details you gave them during the telephone survey.

They may seem convincing because they know which bank you are with, which branch you bank at, and the starting digits of your bank account number.

Thanks to Kenneth Howson for sending this information.
