Bookings essential RSVP by 30th April

Contact Delphine on 5778 9619 or email: hillcroftolives@skymesh.com.au

Let Cathy Olive (Upper Goulburn Landcare Network) and Janet Hagen (Strathbogie Ranges's Conservation Management Network) show you how to identify a native tree from the leaf, bark, bud and fruit.

Shelagh Curmi (Trust for Nature) will talk about the Burge Family Reserve being part of our nationally threatened community of Box Gum Grassy Woodland and derived Grassland.

Get to know the Home Creek-Spring Creek Landcare Catchment, meet like minded people and enjoy the fellowship of Landcare.
