Erosion Field Day

Understanding and Managing Soil Erosion in the Avenel Area

The field day will cover soil, geology and erosion processes in the district. Practical advice will be provided using examples of different types of erosion. Excavation works will be demonstrated on site.

Erosion experts Brad Costin and Kerri Goschnick from DEPI Land Management and Farm Services will be presenting on the day. Two sites will be visited; 'Boorara' in the morning followed by a visit to 'Dunbrae' (owned by the McCracken family) after lunch.

Date: 14th March

Time: 9:00am – 2:00pm (lunch provided)

Where to meet: Avenel Maze, 443 Upton Rd, and then travel out to site.

RSVP: Sandy Mackenzie 5796 2088 (please leave message)
