

Weed ID workshop

The Upper Goulburn Landcare Network and the Murrindindi Shire are holding a workshop to assist landholders to identify and manage their weeds. We will have samples of the most common weeds in the Murrindindi Shire and how you can manage them.

Sue McNair, Environment Officer for the Murrindindi Shire, will also discuss what landholder responsibilities are regarding weed management.

Did you know that some of your garden plants might be weeds?

Do you have;
Blackberry
Paterson's curse
Gorse
Chilean Needle Grass
Bathurst Burr
Do you know which plants in your garden are actually weeds?
