

## LOCAL GOINGS ON

### **RUFFARTZ goes Retro for final 2015 event**

Anybody remember Herb Alpert and the Tijuana Brass? They were inescapable in the mid 1960's. Most 'BabyBoomers' will recall the tussles with their parents who'd embraced this contemporary foot tapping beat reminiscent of the big-band swing sound of the 40's.....you see, those totally square older folks were actually trying to drown out our rock 'n roll & pop music that they considered to be subversive.

Well, Herb Alpert may have won some battles with his 1960's chart successes, but we BabyBoomers undoubtedly won the music war.

So if you're looking for a trip down memory lane then best you get along to Ruffartz's last concert for 2015 when they present '**Tijuana Peanut**' who'll transport you right back to the 1960's when Herb Alpert and your parents were ascendant.

See the "What's On" calendar for more details
