

# Nestboxes for Wildlife

Whiteheads Creek Landcare Group – 2012/13

## Possums, Gliders & Nestboxes

- Discover why they are so special -

**Friday June 13, 2014**

- 4 pm Meet at Seymour Bushland Park carpark
- 4 - 5.30 pm Wildlife walk & checking Bushland Park nestboxes
- 6 pm Hot supper at Whiteheads Creek Hall
- 6.30 pm Guest Speaker – Ray Thomas will speak on the importance of nestboxes in the conservation of a wide variety of local fauna.
- 7.30 pm Tea, coffee & finish

Ray has many years experience in conservation and in running a highly successful nestbox project in the Lurg Hills. In 2009 Ray was awarded the prestigious 'Conservationist of the Year' award by the Australian Geographic Society, in recognition of his 20 years of work on the Regent Honeyeater Project near Benalla. Under his watch, the project has become one of the most active volunteer conservation projects in the nation, involving roughly 28,000 volunteers, planted more than 500,000 trees & shrubs, rehabilitate more than 1450 ha of farm land, brought 15 rare birds back from the brink of local extinction and installed 400 nestboxes.

Cost – Free. All welcome!

RSVP for catering: by June 10 to Carolyn 5792 4212
